Activities during the PhD course

“Advanced Microeconometrics” with A. Colin Cameron

Planned activities and social events

On **Tuesday** or **Wednesday** there will be a voluntary hike. In order to get as good weather as possible, we will wait for the weather forecast before we decide on the day. If necessary, we may also postpone the trip to later in the week. After the last lecture of the day, we will walk together from the university to Stolzenkleiven, which is a hiking trail built as a stair in stone with more than 700 steps up to Sandviksfjellet. It is one of the most popular trails in Bergen. From the top of Stoltzekleiven you have a beautiful view over the city and the fjords.

Please wear **appropriate shoes and clothes** and **bring your own water**, as the trail is quite steep. Full covered and comfortable shoes will be required, a rain jacket could also be useful since the risk of rain is quite high here in Bergen ☺

On either **Thursday** or **Friday** (depends on which day suits you best) we meet in town at a local bar for a beer, maybe billiard or shuffleboard. More information during the week.

Other activities

Are you planning to stay over the weekend in Bergen? Or maybe you want something else to do in the afternoon/evening one of the days? Here are some suggestions:

Mount Fløyen: The most popular mountain in Bergen and the hike starts right from the city centre. If you do not want to walk you can take Fløybanen up to the top. Fløybanen starts at Vetrilidsallmenningen 21, which is very close to Bryggen.

From Mount Fløyen it is also possible to continue to walk to Rundemannen, Blåmannen and Sandviksfjellet.

Mount Ulriken: The highest of the seven mountains in Bergen, 643 meters above sea level. The view from Ulriken (under good weather condition) is amazing! On the top there is a restaurant, a shop and possibility to try zipline!

How to get to Mount Ulriken: If you want to walk to the top, we recommend that you take bus 12 to Montana, which makes the walk a bit shorter. If you want to take the cable car up to the top, take bus 2/3/12/80 to Haukeland hospital (“Haukeland sjukehus N (Bergen)”). From the start of the cable car you also have the possibility to walk up to the top. There are several ways up to the top and some are more demanding than others.

Vidden: For the more experienced hiker (or runner!) Vidden is a 15 km hiking trail between Mount Ulriken to Mount Fløyen with beautiful views over the fjords and islands around Bergen.

Bergen Philharmonic Orchestra: If you are interested in classical music, a visit to the Philharmonic Orchestra in Bergen might interest you. Check out their webpage for more information about their events:
