RESEARCH STATEMENT

My primary field of research is behavioral economics, where I focus on issues that relate to labor-, education-, public- and development economics, such as gender discrimination, human capital investment and inequality acceptance. My work is primarily empirical, implementing experiments in controlled laboratory or field settings with nationally representative samples.

PUBLISHED WORK

[Solidarity and Fairness in Times of Crisis](#), with Alexander W. Cappelen, Erik Ø. Sørensen and Bertil Tungodden. *Journal of Economic Behavior & Organization*, 186, 1-11, 2021.
